Microsoft® PowerPoint® 2016/365
Introduction

Course Description

Course Overview: It's hard to imagine a day going by without people passing along large amounts of information. Messages are everywhere, and the number of messages we receive seems to be increasing each day. Whether via phone, email, mass media, or personal interaction, we are subjected to a constant stream of information. With so much communication to contend with, it can be difficult to grab people's attention. But, we are often called upon to do just that. So, how do you grab and maintain an audience's focus when you're asked to present important information? By being clear, organized, and engaging. And, that is exactly what Microsoft® PowerPoint® 2016/365 can help you do.

Gone are the days of flip charts or drawing on a white board to illustrate your point. Today's audiences are tech savvy, accustomed to high-impact multimedia content, and stretched for time. By learning how to use the vast array of features and functionality contained within PowerPoint 2016, you will gain the ability to organize your content, enhance it with high-impact visuals, and deliver it with a punch. In this course, you will use PowerPoint 2016 to begin creating engaging, dynamic multimedia presentations.

You can also use the course to prepare for the Microsoft Office Specialist (MOS) Certification exam for Microsoft PowerPoint 2016.

Target Student: This course is designed for students who wish to gain a foundational understanding of Microsoft PowerPoint 2016 that is necessary to create and develop engaging multimedia presentations.

Prerequisites: To ensure success, students should be familiar with using personal computers, and should have experience using a keyboard and mouse. Students should be comfortable in the Windows® 10 environment and be able to use Windows 10 to manage information on their computers. Specific tasks the students should be able to perform include: launching and closing applications, navigating basic file structures, and managing files and folders. To meet this prerequisite, you can take either of the following CompuTrain courses:

- Using Microsoft® Windows® 10
- Microsoft® Windows® 10: Transition from Windows® 8

Course Objectives

Upon completing this course, you will be able to create and deliver engaging multimedia presentations that convey the key points of your message through the use of text, graphics, and animations.
